

QUEENWOOD

Congratulations to the Class of 2018 for achieving these outstanding HSC results.

Our full results will be published at
the end of the summer break following
the release of IB results in January.

Principal's Message

The final examinations are a significant challenge, and every girl worked consistently and determinedly for two years to reach this milestone. We are proud of the girls and the self-discipline, responsibility and resilience they have developed in the course of pursuing their goals. We congratulate those who have achieved outstanding results as judged against their peers, and equally those who have achieved outstanding results as judged against themselves. We also thank the girls' teachers and parents, whose skill, guidance and care have inspired and supported the girls throughout their schooling.

These final public examinations are important as a recognition of achievement, and as a passport to the next stage. Our girls gain entry to a wide range of courses at universities and institutions in Australia and overseas, and we are delighted that they think creatively and look widely in finding the right option for them. These examination results are of vital importance as they open the doors to these inspiring possibilities.

The discipline our students have shown and the self-knowledge they have acquired in the process of completing their schooling will equip them well in their future lives. A Queenwood education, however, is much more than examination results. We aim to develop the habit of inquiry, a sense of purpose and a commitment to making the world a better place – as encapsulated in the School's values of Truth, Courage, Service. Even as we recognise and celebrate their success, we know that the value of these young women is neither described nor determined by their grades, and we rejoice in seeing them enter a rich and complex world, to enjoy it fully and in due course leave their mark upon it.
