### Notes

- Tuition fees do NOT cover such items as textbooks, uniforms, stationery and cocurriculum fees such as instrument hire.
- The curriculum fee includes all additional compulsory costs, such as compulsory excursions, incursions, subject levies, and camps. Refunds will not be given for any students who do not attend the compulsory programs. This levy excludes all non- compulsory activities such as tours, cocurriculum sport, music, and drama productions.
- IT costs are centralised this year into an IT levy. This levy covers software programs required for the student's specific year levels.
- Cocurricular activities such as sport, drama, dance, or music are charged separately through Clipboard. There is a separate charge for each of these activities that students chose to sign up for.
- For students enrolled in the International Baccalaureate (IB) program there will be an additional charge for:
  - Year 11: \$2,200
  - Year 12: \$3,400
